Railsplitter Obituary

Foreward

On Tuesday, October 19th 2021 the 84th Railsplitters Association, LTD had a terrible loss with the passing of COL (Retired) John C. Horter. COL Horter was our “go to guy”! He was involved in the founding of our Association. John brought a sense of reason to our policies and discussions; he was our conscience! He did not hesitate to tell us when we were veering off course and missing the mark in meeting our mission. A person like John is irreplaceable but we will remain true to his ideals. Rest in Peace COL John Horter, you will be missed.

We'd like to share a tribute from MG (Retired) Michael Berzowski, please read on.

TRIBUTE TO COLONEL (Ret) JOHN C. HORTER

by

MG (Ret) Michael M. Berzowski

Colonel (Ret) John Charles Horter passed away peacefully early Tuesday morning October 19, 2021 following a bout with cancer just short of his 83rd birthday in November. Some of us were lucky enough to have known him most of his adult life.

He was the personification of the seven Army Values which he not only preached but practiced in all of his endeavors, military or otherwise - loyalty, duty, respect, selfless service, honor, integrity and personal courage. I think if you take a moment to reflect upon your association with him you can easily match him with those values and think of examples where they were demonstrated whether in a military setting or not.

Railsplitter Obituary

When it comes to military service, it would be virtually impossible to find someone more dedicated than he was. He practiced all of the leadership traits in particular setting the example. He was a lucky fellow in that during the time he served the 84th Division (Tng) was large enough and located so as to afford him the opportunity to serve at successive levels of staff and command jobs in increasingly challenging situations. He excelled in every assignment and received recognition for his service in terms of awards, decorations and promotions.

John's priorities were his faith, family, the Army, his civilian job and his leisure time, in particular his lake cabin. He approached all of them with the same degree of enthusiasm and industry. He was a dedicated family man who relished and reveled in the accomplishments of his children, grandchildren and great grandchildren as well as other family members. He worked hard at trying to build and maintain relationships and was successful in doing so. He was one of the most patriotic people you could meet in a lifetime.

He routinely exerted himself with regard to his civilian employment to include time as an officer at Graf Beverages and a Financial Planner/CLU for MONY. I have been personally apprised on an unsolicited basis as to the high esteem with which he was regarded at MONY.

Besides all of that, he found time to be extremely active in the 84th Division Alumni Association (later the 84th Railsplitters Association), the American Legion Post No 449, Kiwanis of Elm Grove and the Manitowish Waters Alliance. In all of these activities his leadership skills and work ethic allowed him to excel.

From a personal point of view, they only made one John Horter. He was one of the few people I know about whom I never heard a disparaging remark. He was a great friend, companion, mentor, advisor and confidant. He had a great sense of humor and was fun to be with. He had a greater effect on my family than I did with regard to certain important matters. He was always there.
